25.06.2021 · As I coach managers on their change management efforts, I explain that resistance to change is rarely irrational. Keep in mind that if your employees (or even your peers or boss) are resisting your change efforts, their resistance comes from a perspective that makes perfect sense to them. This is because of the following truth about change: People do not resist ...
Organizational change can be radical and swiftly alter the way an organization operates, or it may be incremental and slow. In any case, regardless of the type, change involves letting go of the old ways in which work is done and adjusting to new ways. Therefore, fundamentally, it is a process that involves effective people management. Managers carrying out any of the P-O-L ...
